

HOPE FOR JAPAN

日本に希望を

Brought to you by JOI Media &
Calgary Japanese Community Association

On March 11, 2011 the north eastern region of Japan was devastated when it was hit with the largest earthquake on record, followed by a powerfully destructive tsunami. Since then, we have watched as people struggle with the loss of their loved ones and all their belongings. Collectively, the world is reaching out to Japan, donating funds to hopefully help rebuild the many lives affected by this horrific tragedy.

In an effort to locally make an impact, JOI Media and the Calgary Japanese Community Association (CJCA) have teamed up to raise awareness, by launching the "Hope for Japan" campaign. The campaign will raise funds for the CJCA, who in turn will donate to organizations in Japan that are in the most need. A fundraiser will be held to support the local organization and to assist where possible.

*"Never believe that a few caring people can't change the world.
For, indeed, that's all who ever have."*

—Margaret Mead

When

Tuesday, April 5th, 2011
6pm-10pm

Where

West Restaurant and Bar
225 8th Ave SW
3rd Floor Entrance
Scotia Centre

Why

To raise awareness for
